FOR IMMEDIATE RELEASE

Safe Banking Systems Ranked in the Chartis 2018 RiskTech100® Report

MINEOLA, NY, November 2, 2017 – Safe Banking Systems, a provider of innovative anti-money laundering and compliance solutions, today announced that it has been ranked for the sixth consecutive year in the Chartis 2018 RiskTech100® report. This annual study from Chartis Research provides an authoritative assessment of the top risk and compliance technology providers worldwide based on core technology, strategy, innovation, customer service and other criteria.

“We are pleased to once again be ranked in the top 50 of the RiskTech100®, especially given the formidable competition from a growing number of large, global companies and specialist providers,” said David Schiffer, President & CEO of Safe Banking Systems. “That speaks volumes to the strength of the company and our success helping institutions proactively identify, assess and manage risk.”

“Financial crime risk management is a top priority for institutions and an area where sophisticated technology can have a significant impact,” said Rob Stubbs, Head of Research at Chartis Research. “Safe Banking Systems continues to evolve its anti-money laundering and compliance solutions to tackle the FCRM issues facing today’s financial institutions, and its commitment to innovation is reflected in its RiskTech100 ranking.”

Editor’s Notes

About Safe Banking Systems

Safe Banking Systems provides innovative anti-money laundering and compliance solutions that enable institutions to identify, assess and manage risk across the enterprise. By reaching across business silos, SBS combats financial crime and finds the bad guys that other systems miss. SBS’
